*The UH Center for Clinical Research and Technology, Office of Technology Management (OTM), has a mission to become a national leader in developing and leveraging new technology to return benefit to UH through improved patient care, growth in clinical research programs, enhanced perception as an innovative organization and return on investment. In accordance with this mission, the OTM will be hosting two upcoming symposia in the next two months.*

## Clinical Technology Symposium

The objective of the Clinical Technology Symposium is the dissemination of medical technology across departments to improve patient care and promote innovation. This symposium was developed in collaboration with Lee Ponsky, M.D., Department of Urology. Dr. Ponsky will be the physician lead for this symposium.

The day will be comprised of UH clinicians from multiple departments giving 10 minute presentations on technology used in their medical practice at UH. Each presentation will be followed by a panel discussion and Q&A session.

The Clinical Technology Symposium will provide the audience with opportunities **to identify new uses for technology** in their own practice in addition to spurring **innovation** to create improvements to current technologies and to foster **future collaborations**.

**Date/Time:** Saturday September 19, 2009 | 7:30 a.m. – 12:15 p.m.

**Location:** Corporate College East – Warrensville Heights, OH

**To register:** Contact William Fisher | 216-844-5577 | [William.Fisher@UHhospitals.org](mailto:William.Fisher@UHhospitals.org)

## RB&C Pediatric Innovation Day

The objective of the RB&C Pediatric Innovation Day is to spark **innovation** at Rainbow, define ways which **novel ideas** can be realized, and foster the development of tools and techniques that can **solve clinical problems** we face in pediatric care.

## Who should attend?

Physicians, nurses, allied health professionals and other staff who assist in the care of children and their families at UHCMC, UH satellite sites and UHMP. Representatives from the Institute for **Pediatric Innovation**

(IPI) (<http://www.pediatricinnovation.org/>) will be in attendance along with other innovative pediatric companies, such as Pediaworks (<http://www.pediaworks.com/>) and Orthopediatrics (<http://www.orthopediatrics.com/>).

## Innovation Competition

An innovation competition will award start-up funds to those ideas having the greatest scale-up potential. More details are forthcoming!

**Speakers, networking** sessions, and more will be included throughout the day.

**Date/Time:** Monday, October 19, 2009 | Time TBD, Afternoon/Early Evening

**Location:** RB&C Performance Area
