PGY2	General Rehabilitation Neuro Radiology Neurology Musculoskeletal Clinic Spinal Cord Injury Sports Medicine and Spine Prosthetics & Orthotics	6 blocks 1 block 1 block 1 block 2 blocks 1 block 1 block
PGY3	General Rehabilitation Brain Injury Pediatric Rehabilitation Consults Musculoskeletal Clinic Electromyography Sports Medicine and Spine Elective	1 block 2 blocks 2 blocks 1 block 2 blocks 2 blocks 2 blocks 1 block
PGY4	Pediatric Rehabilitation Consults Electromyography Pain Medicine Cancer Rehabilitation Sports Medicine Musculoskeletal Clinic Elective	1 block 3 blocks 1 block 2 blocks 1 block 1 block 2 blocks 2 blocks

All elective rotations must be pre-approved by the rotation’s preceptor, the Program Director, and Program Coordinator.

In addition to scheduled rotations, PGY 3 and PGY4 residents will be required to complete a continuity care experience. The consistency of clinic days and the schedule for individual residents' continuity care experience will be determined and scheduled by the Program Director and/or Program Coordinator.

*1 block is equal to 4 weeks.
